

**WE'RE PLEASED TO
ANNOUNCE..**

*Exciting Changes for the Nexstar
Legacy Foundation Scholarship Program*

The foundation scholarship program is now in its sixth year. To date it has awarded over \$100,000 to more than 30 students entering the plumbing, HVAC and electrical fields. The program's success can be linked to the commitment of the scholarship committee, started by Brad Martin. Current committee members include, Julie Wieman (Chair), Brett Lascko and Mike Enright.

In February 2011 the committee met to evaluate the scholarship program and strengthen its focus.

Increased Focus on Technical Degrees

The biggest change of focus will be to dedicate the majority of funds awarded each year to students who are working towards technical degrees in either a two year or four year technical school. In addition to providing more scholarships to students who are training to be technicians or installers, there will be an opportunity for students to receive multi-year scholarships.

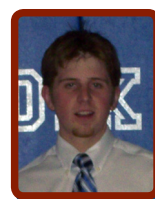

The program will continue to offer the Frank Blau Scholarship in the amount of \$6,000 to a student who is enrolled in a four-year program with the intent of working in our industries. In addition, the program will be seeking donor-named scholarships. More about the donor-named scholarships and additional changes to the program will be announced later this year.

Focus on the Future...

Announcing our 2011 & 2012 scholarship award winners!

Sarah Masters
\$6000
University of Delaware
Mechanical Engineering

Nicholas Krenz
\$1000
Dunwoody College of Technology
Electrical Technician

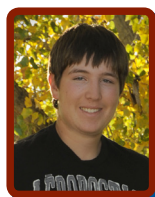

Graham Thurber
\$3000
Washburn University
Business Administration

Toby Keller
\$1000
University of Northwestern Ohio
HVAC Technician

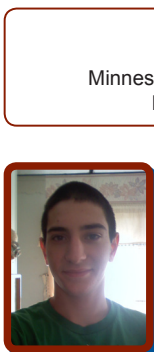

Derek Ascherin
\$2000
Western Dakota Tech
Electrical Technician

Evan Dukart
\$1000
North Dakota State College of Science
Electrical Technician

George Packowicz
\$2000
Stevens College of Tech
Plumbing Technician

Vincent Romano
\$2000
Lincoln Technical Institute
HVAC Technician

Cody Cannon
\$2000
Minnesota West Technical College
Electrical Technician

Each year The Nexstar Legacy Foundation awards \$20,000 to deserving students around the country to pursue educational fields within our trades of plumbing, HVAC, and electrical.

The foundation scholarship committee selects the scholarship winners. They've initiated a new focus to award scholarships to students attending technical schools. Watch for more details on a scholarship program coming out this summer. Please, encourage your coworkers, family members and friends to apply!

Thank You Foundation Sponsors & Supporters!

Boarding a luxury yacht docked on the busy Hudson River, 90 guests joined the Nexstar Legacy Foundation on a cruise around New York Harbor. Guests were entertained by our tour guide, a native New Yorker, who challenged us all with fun New York trivia. The highlight of the tour was a 20 minute visit to Liberty Island where guests were able to see the Statue of Liberty up close from the boat.

Thank you to the sponsors who joined us on the cruise: Gold Level - Barnett and CEL Public Relations; Silver Level - Dynamic Air Quality Solutions, Federated Insurance, Pro Systems and Results by Call Source; Bronze Level - American Water Heater, JAS Performance, Inc. and Service Net.
